PREFACE.

To The Maryland Historical Society:

Gentlemen:—We have the honor to submit the Eighteenth Volume of the Maryland Archives, containing the Records of Maryland Troops in the Continental Service during the War of the American Revolution, 1775–1783.

This publication of the muster rolls and other records of service of Maryland men in the war of the American Revolution was undertaken in March, 1897. The bravery and excellent reputation of the troops of the Maryland Line were such that their names deserved to be rescued from oblivion, while the services rendered by men of this State in the Flying Camp, German Regiment and other commands were also noteworthy.

A large number of Revolutionary papers were found in the possession of the Johns Hopkins University, to which institution they had been presented by the late Col. J. Thomas Scharf, formerly Commissioner of the Land Office. The custody of these papers was given the Society with authorization to copy and print such of them as should seem desirable. All lists in this work, without indication of source, are to be understood as a part of this collection. In December, 1896, the Society had purchased at auction in New York City a number of muster rolls, some of which had at one time been in Col. Scharf's possession. These are indicated by the letter M. In the Land Office of the State at Annapolis are a number of valuable Revolutionary papers. Some of these contained information duplicating that elsewhere obtained; but one of them, a Record of the soldiers in the Maryland Line from 1776 to 1780, is the most important single list in this work. It comprises over 6,000 names and is contained in three manuscript volumes. A list of those who served in the two battalions of select militia called out in 1781, was also obtained from the Land Office. We are indebted to the courtesy of the Maryland Society of the Sons of the American Revolution for permission to print the copy of the pay-roll of the Maryland Line 1781–83, which they obtained from the Land Office.

There are two plans for the preparation of a work of this kind: one, adopted by the State of Connecticut, to print the lists as found and give a general index of names, the other, adopted by the State of

Massachusetts, to put together all the information concerning each man and arrange all names in alphabetical order. We have adopted the former plan for several reasons; first, because this is a volume of Maryland Archives and, as such, should contain the lists as they are found; secondly, because we have no sufficient means at hand to enable us to identify or differentiate the persons of the same name found in different lists; and, thirdly, because for certain purposes it is interesting and useful to know who were associated in any command.

Doubtless, it will be found that the records are not absolutely complete. The wonder is rather that so many lists have been preserved through so many vicissitudes and opportunities of loss. We have sufficient information from what has been preserved, to give us the record of most of the Continental soldiers. Unfortunately, we have not found the rolls of those two companies who marched from Frederick County to the siege of Boston, but many of the records of the Independent companies are in our possession. The muster rolls of the Flying Camp are preserved, but no record of their service can be found. The records of the Maryland Line are quite complete. A chronological arrangement of the muster and pay-rolls has been adopted as far as possible. The rolls of certain special commands, such as Lee's and Pulaski's Legions, which it is difficult to fit into any chronological arrangement, are placed at the end of the work. It should be noted that the term "deserter," when used without the addition "to the enemy," merely signifies that the soldier was absent from his command without leave. The discipline of the Revolutionary armies was not strict, and many left the ranks, when they were needed at home, returning to the service after a few months.

After most of the volume was in type, certain muster rolls were secured too late to be inserted in their proper place in the volume. These are contained in an appendix.

The Committee deems it proper to record its indebtedness to Dr. Steiner, the Junior member of the Committee, for the large amount of time and labor bestowed by him in the preparation of the present volume. Acknowledgments are also due to Dr. F. E. Sparks, the Society's Archivist, for careful work in superintending details of verification and arrangement.

Respectfully,

Clayton C. Hall,
Henry Stockbridge,
Bernard C. Steiner,
Committee of Publication.

Baltimore, 1900.

FLYING CAMP.

RESOLVES OF CONTINENTAL CONGRESS.

3 June, 1776.

"Resolved, That a flying camp be immediately established in the middle colonies; and that it consist of 10000 men; to complete which number,

Resolved, That the colony of Pennsylvania be requested to furnish of their militia 6000, Maryland, of their militia 3400, Delaware government, of their militia 600.

Resolved, That the militias be engaged to the first day of December next, unless sooner discharged by Congress."

RESOLVES OF THE MARYLAND CONVENTION OF JUNE, 1776.

25 June, 1776.

"Resolved unanimously, That this province will furnish 3405 of its militia, to form a flying camp, and to act with the militia of Pennsylvania and the Delaware government in the middle department; that is to say, from this province to New York inclusive, according to the request of the Congress in their resolutions of the 3d day of this instant June."

These companies were to serve within said limits until 1 December, 1776, unless sooner discharged by Congress. None were to be compelled to serve out of said limits or beyond 1 December. They were to be arranged in 4 battalions and 1 company, each battalion consisting of 9 companies. Warrants were to be issued, by the President of the Convention, to the persons appointed by the Convention, to enroll the non-commissioned officers and privates. A captain was to enroll 30, a lieutenant 20, and an ensign 16 men. Enrollments, even if not completed, were to be returned to the Convention, or Council of Safety, by July 20th. If any enrollments were not complete, the Convention, or Council of Safety, could commission the persons to whom the warrants were directed or any other persons, as would best promote the service. Enrollments were to be of those who voluntarily offered themselves. All who enrolled were to sign the following enrollment: "We the subscribers, do hereby enroll ourselves to serve as militia of Maryland in the middle department, that is to say, from this province to New York inclusive, until the first day of December next, unless sooner discharged by the honourable Congress according to the resolutions of the Convention of Maryland, held at Annapolis the 21st day of June, 1776."

The order adopted in arranging the Flying Camp Companies is that of the Convention of Maryland in the election of the officers of said companies, 29 June, 1776. Lower District of Frederick County, to wit:—

I do hereby certify that I have at sundry times reviewed eighty-seven of the men as above enrolled by Capt. Edward Burgess, for the service of the Flying Camp; but that, two, to wit: Obed Wilson and Henry Clarke, who are on the said List, are reported by Capt. Burgess to be effective, able bodied men; and in my opinion and judgment the whole number so reviewed, is composed of effective men and fit for military duty. Given under my hand this 7th Day of August, 1776.

MUSTERS OF MARYLAND TROOPS.

"Maryland Line."

RESOLVES OF CONTINENTAL CONGRESS, 16 SEPTEMBER, 1776.

"Resolved, That 88 battalions be inlisted as soon as possible, to serve during the present war, and that each state furnish their respective quotas in the following proportions, ... Maryland 8 battalions."

RESOLVES OF MARYLAND CONVENTION, 9 OCTOBER, 1776.

"Resolved, That the 8 battalions required by congress to be raised by this state, exceeds its just quota, ... That this state, desirous of exerting the most strenuous efforts to support the liberties and independence of the United States, will therefore use its utmost endeavours to raise the 8 battalions required, (including the troops already raised and in the service of the United States), as soon as possible.

That four commissioners be appointed to repair to the camps in the Jerseys and New York, and there obtain a list of such of the officers in the regular troops and flying camp from this state, now in the service of the United States, as are willing to engage in the service during the war; and also to enlist or cause to be enlisted all or every of the said regular troops or flying camp militia in the service of the United States during the war, continuing the regular battalion and forming the independent companies into a battalion, and filling both up according to the continental establishment; and the said commissioners, or any three of them, may also fill up such of the blank commissions sent to this convention by congress, as may be immediately necessary for the officering of the said corps; but in filling up the said commissions they are required not to introduce into the corps of the now regulars, any officer other than such as are of those regulars, nor into the corps which may be formed of the flying camp militia, any officer not now an officer in the said regulars or flying camp."

RESOLVES OF MARYLAND CONVENTION, 11 NOVEMBER, 1776.

"Resolved, That this Convention adjourn . . . . And that the said Council of Safety be and are fully empowered to take and pursue all measures that they shall think necessary or proper for raising, com-

pleting, and equipping the 8 battalions resolved by this convention to be raised for the Continental service, agreeable to the resolves of this convention."

RESOLVES OF CONTINENTAL CONGRESS, 27 JUNE, 1776.

"Resolved, That six companies of riflemen, in addition to the three companies now at New York, be raised, and the whole regimented; and that a commission be granted to captain Stevenson, to be colonel of the said regiment of riflemen, which is to be enlisted for three years, unless sooner discharged by Congress; the men to be allowed a bounty of ten dollars; and that Moses Rawlins be lieutenant-colonel, and Otho Holland Williams, major of the said regiment: That four companies of riflemen, for the said regiment, be raised in Virginia, and two in Maryland."

(Rawlings became colonel about 1 January, 1777.)

RESOLVES OF CONTINENTAL CONGRESS, 9 OCTOBER, 1778.

"Resolved, That if any of the states in which col. Moses Rawlins shall recruit for his regiment shall give to persons enlisting in the same, for three years, or during the war, the bounty allowed by the state, in addition to the continental bounty, the men so furnished, not being inhabitants of any other of the United States, shall be credited to the quota of the State in which they shall be enlisted."

RESOLVES OF CONTINENTAL CONGRESS, 23 JANUARY, 1779.

"Resolved, That col. Rawlings and such of the officers of his corps as shall be appointed by the commander-in-chief, forthwith recruit three companies of that corps to the full complement: That the volunteers be inlisted for the war, and ordered to repair to Fort Pitt."

Colonel Moses Rawlings' Rifle Regiment was originally raised in Maryland and Virginia as Stephenson's Maryland and Virginia Rifle Regiment, and reorganized in 1777 as one of the 16 additional Regiments.

Copy, to Joseph Howell,

I have now to Address you upon a very serious subject. When we were so earnest about obtaining the Muster Rolls of the German Regiment, it was on a suspicion that several frauds had been committed upon this State, with respect to Depreciation. The State of Maryland passed an Act of Assembly granting Depreciation to all Officers and Soldiers of the Quota of that State, who had served three years in the Continental Army, consequently, that part of the German Regiment which was called the four Companies of Maryland, having served faithfully; became entitled to receive the same.

The event of an examination with the Muster Rolls of 1779 and 1780 has shewn that our suspicions were not without foundation, for, of two hundred and sixty who have received Depreciation, there are forty seven, as by the List enclosed; who are not upon the Maryland Musters. Twelve of the forty seven are upon the Pennsylvania Musters, and the other thirty five not found Mustered in 1779 in any of the Rolls of the Regiment. For the thirty five, however, Discharges were procured, purporting that the Person mentioned in each of them served three years faithfully, and were for the most part discharged by Capt. Bunner in the Month of July, 1779. I have enclosed one of the Discharges which has the appearance of having been written at a much later date than what is expressed in it. We can trace out the Persons who

presented them here and obtained the Certificates, but we want to find out whether Capt. Bunner, whose signature is to the greatest part of them, really did sign them, or not—there has been a most villainous combination somewhere and it has been excited by a knowledge that the State, for want of regular Musters, generally issued upon Discharges.

Now if *Bunner* is within your reach, I shall esteem it a favor if you will take another Man of Credit along with you, and enquire of *him* whether the Signature on the Discharge, (Charles Kees), now sent, is *his*—if he avows it, I shall be obliged to you for your Deposition, and that of the person with you, that he acknowledged it, which Deposition, with all the forms of Office, please to transmit to me. If, on the Contrary, Bunner denies it to be his, please to inform him of so much of these transactions as you may chuse to disclose, and obtain his affidavit, setting forth that he did not sign the same, or any of the Discharges, in the names of those, or any of them, on the enclosed List. I need not caution you about using your utmost address in endeavouring to lay open this Scene of Iniquity. Your own love of Justice, and the public Station you fill; will, I dare say, be sufficient incentives to your exertion in this dark business.

Pray has the State of Pennsylvania granted Depreciation to their three year's Men Discharged before the 10th of April, 1780; if it has, and continues to issue, it will be proper that the Comptroller should see the list I send, to examine it with his issues. Be pleased to procure the favor of Mr. Nicholson to furnish such remarks as may be necessary and transmit them to me as soon as possible.

Yrs.

C. Richmond.

Comptroller Genl.'s Office,
May 17th, 1785.

Sir:

I have received yours of the 5th Inst. and have examined and compared it with my Returns. This State, adhering to the recommendations of Congress, makes up depreciation for none of the Troops discharged before the 10th April, 1780; and, altho I find in your List of the German Regiment, that the State of Maryland hath settled with a number of the same name as those which have been settled with here, such as Nicholas Stover, John Hart, George Hensil and some others, yet they were not the same men, but have been imposters, (very probably), with discharges dated in 1779 in these men's names who continued in the Army until 1780, and some of them till the end of the war, there is, however, none of those who continued till after April, 1780, per your list, which have been settled here. I am much obliged by the list of Settlements with Hartley's Regiment, or, as we called it, the 11th Pennsylvania Regiment, for it was incorporated therewith in 1779. Of the list you gave me, the following persons had been previously settled with here and received their depreciation, viz—John Burgess, Corpl., John Barber, Sergt., James Beal, Private, Jeremiah Ferrall, Sergt., & Willm. Marquis, Private, the rest of them I have marked off in my Rolls as settled by the State of Maryland, and shall not adjust their Accounts here. Joseph Hyner, only, of Moylan's Regiment, had been settled with, by this State, of all those upon your list, the residue I shall take care not to settle with. If there is any other communication which I have here omitted to make, please let me know. I have the person, who I think is at the bottom of the nefarious proceeding you have been fortunate enough to detect, bound over for an attempt of almost a similar nature here.

I am with great respect
Sir
Your Most Obedt. Servant,
Jno. Nicholson.

RESOLVES OF CONTINENTAL CONGRESS, 26 FEB., 1778.

"Resolved, That the several states hereafter named be required forthwith to fill up by draughts from their militia, or in any other way that shall be effectual, their respective battalions of continental troops. . . . .

Maryland—8 battalions including the German Regiment."

MARYLAND ACTS, MARCH, 1778.

"An ACT to procure troops for the American army.

Whereas it has been represented by congress as absolutely necessary to use the most vigorous exertions to bring a powerful army into the field the ensuing campaign, and it appearing to this assembly to be the indispensable duty of this state to adopt the most effectual means to attain that end,

Be it therefore enacted, by the General Assembly of Maryland, That two thousand nine hundred and two men be raised, including the two artillery companies already marched to camp, and such volunteers as have been already obtained by recruiting; and that one hundred and sixty men being deducted for the said two artillery companies, the remaining two thousand seven hundred and forty-two men be apportioned among the several counties, according to the number of militia in each county.

Out of which number, so apportioned, each county shall have a deduction for all able bodied men heretofore enlisted in virtue of the act, entitled, An act for recruiting the quota of troops of this state, in the American army, and furnishing them with cloathing and other necessaries.

And be it enacted, That every idle person above eighteen years of age, who is able bodied and hath no fixed habitation, nor family, nor any visible method of getting an honest livelihood, and who may be adjudged by the lieutenant of the county, or any field officer, to come properly under the above description of a vagrant, shall from and after such adjudication, be considered as a soldier enlisted, and have it in his choice, whether he will serve for nine months, or enlist for three years or during the war.

Provided nevertheless, That the governor and council shall have full power and authority, ... to discharge any person adjudged a vagrant, if in their judgement such person does not answer the above description.

And be it enacted, That no British prisoner or deserter, nor any convict, until his original term of service is expired, shall be enlisted or deemed a proper recruit, nor any servant whatever, until emancipated and set at liberty

And be it enacted, That all recruits, in virtue of this or the before recited act, shall be carried before the lieutenant of the county or some field officer in which the recruits are or shall be raised, to pass muster"

MARYLAND ACTS—JUNE, 1780.

"An ACT to procure recruits to complete the battalions of this state in the service of the United States, and to raise an additional regiment, if necessary.

Whereas it has been represented by congress, and by letters from general Washington and the committee of co-operation, that it is absolutely necessary to bring a powerful army into the field this campaign; and it appearing to this general assembly their indispensable duty to make the most vigorous exertions to recruit the quota of troops of this state:

Be it therefore enacted, by the General Assembly of Maryland, That fourteen hundred men be forthwith raised, and that the same be apportioned among the several counties. . . . Out of which number, so apportioned, each county shall have a deduction for all able bodied men heretofore enlisted in virtue of the act passed at November session, seventeen hundred and seventy-nine, entitled, An act for recruiting the quota of troops of this state in the American army.

And be it enacted, That the lieutenant of the county, and the several field officers, together with the commissioners of the tax in each county, are hereby required, to meet . . . on the fifteenth day of July next, to class all the property last assessed in their respective counties into as many equal classes as there may be men wanted for such county, and each class shall, within ten days thereafter, find an able bodied recruit to serve during the war, or take up a deserter enlisted to serve during the war.

And be it enacted, That all recruits, raised in virtue of this act, shall be carried before the lieutenant of the county, or some field officer in which the recruits are or shall be raised, to pass muster.

And, Whereas this assembly has proposed to the commander in chief to raise a regiment of five hundred and thirty one men, to join the army in lieu of the militia required from this state:

Be it enacted, That the governor and council shall have full power and authority, upon notice that the commander in chief accepts the proposal, to order the following proportions of the said number of five hundred and thirty one men, to be raised by the several counties (in addition to the number by the first part of this act apportioned) . . . . . and the governor and council shall appoint such officers as they may think proper and necessary to command such regiment, and the first five hundred and thirty one men which are raised shall be incorporated into a regiment and forthwith sent forward to join the army under the commander in chief."

"An ACT to expedite the raising an additional battalion of regulars.

Whereas his excellency general Washington and the committee of co-operation have thought proper to accept the proposal made by the legislature of this state, to raise an additional battalion of regulars in lieu of the two thousand two hundred and five militia, at first requested to be furnished by this state, provided the same be raised so as to reach the place of rendezvous by the last of July, and it is thereupon become necessary to expedite the raising the said battalion:

Be it enacted, by the General Assembly of Maryland, That the lieutenants and field officers of the respective counties, shall immediately on receipt of this act, and of the acts of assembly passed this session, entitled, An act to procure recruits to complete the battalions of this

state in the service of the United States, and to raise an additional regiment, if necessary, and the supplement thereto, at furthest, on or before the fifteenth day of this instant July, proceed to class all property in their respective counties, agreeable to the directions of said acts, into as many classes as there are men wanted to complete said battalion or regiment, and shall forthwith give notice to each class; and if recruits be not procured or deserters taken up within eight days after such class hath notice, shall proceed to order out the militia, agreeable to the directions of this act, and the recruits obtained or the deserters taken up shall forthwith be sent forward to the head of Elk, or other place of rendezvous, and put under the care of proper officers to be appointed by the governor and council, who are to march them with all expedition to head quarters, or such other place of rendezvous as may be directed by the commander in chief."

John Clare, Jr., enlisted July 12th, 1780, by virtue of an "Act to procure Recruits to complete the Battalions &c."

Sir:

The above is a Roll of the men furnished by the Classes for filling up the Old Regiments, together with Two men I recruited, for which I was obliged to pay three thousand pounds each. As some of those classes neglected furnishing Substitutes, I had employed men to recruit, but finding that the extraordinary pay I was oblige to advance to them, and the exorbitant Bounty I should be oblige to give for recruits, (especially after the Virginians began to give such extravagant Bounties for men to serve only 18 Months), would far exceed the 15 pr. Ct., I therefore thought it most prudent to desist from employing persons to recruit, till I received your farther orders on that head. When, on receiving your letter relative to the peoples bringing in Wheat at Sixty Dollars pr. Bushell in Lieu of the Substitutes or money I advertised them thereof, and allowed them four weeks for so doing. The time is now expired, and neither wheat nor money brought in. I am therefore now about issuing warrants to the Sheriff for distressing all those who have not complied with the Law, or your orders respecting the grain.

I am Sir,

Your Most Obedient Servt, Jos. Beall.

MUSTER AND PAY ROLLS FOR 1781.

RESOLVES OF CONTINENTAL CONGRESS, 3 OCTOBER, 1780.

"*Resolved*, That such of the sixteen additional regiments as have not been annexed to the line of some particular state, and all the separate light corps of the army, both of horse and foot, and also the German battalion, be reduced on the 1st day of January next: that the non-commissioned officers and privates in those several corps, be incorporated with the troops of their respective states, and that such of them as do not belong to any particular state, be annexed to such corps as the commander in chief shall direct.

That the regular army of the United States, from and after the 1st day of January next, consist of 4 regiments of cavalry or light dragoons; 4 regiments of artillery; 49 regiments of infantry, exclusive of colonel Hazen's regiment, hereafter mentioned; 1 regiment of artificers:

That the several states furnish the following quotas, viz. . . . . Maryland, 5 regiments of infantry:

That the states shall select from the line of the army a proper number of officers to command the several regiments to them respectively assigned, taking notice that no new appointment is to be made of a higher rank than that of a lieutenant-colonel commandant:

And whereas, by the foregoing arrangement, many deserving officers must become supernumerary, and it is proper that regard be had to them:

Resolved, That from the time the reform of the army takes place, they be entitled to half pay for seven years, in specie, or other current money equivalent, and also grants of land at the close of the war, agreeably to the resolution of the 16th of September, 1776."

MARYLAND ACTS, OCTOBER, 1780.

"An ACT to draught the non-commissioned officers and privates of the regiment extraordinary into the battalions of the quota of this state, and to recal the commissioned officers of the said regiment.

WHEREAS congress have recommended to this state to reduce the number of their regiments in the continental service, and the commander in chief has most earnestly called upon this state to complete the number of men in said battalions without delay: And whereas it is

deemed impracticable to comply with said requisition, so as to have the quota of men in the field at the time required, without draughting the non-commissioned officers and privates of the regiment extraordinary.

Be it therefore enacted, by the General Assembly of Maryland, That the non-commissioned officers and privates of the regiment extraordinary be draughted into the old battalions of the quota of this state in the continental service, and that the field and commissioned officers of said regiment be recalled.

And be it enacted, That the said field and commissioned officers shall be reimbursed the extraordinary expence they may have incurred, and over and above the pay that may be due to them at the time of their discharge, shall receive one year's pay, deducting therefrom the money and value of the cloathing and other necessaries by them received; provided always, that lieutenant-colonel Alexander Lawson Smith, of the said regiment extraordinary, do hold the rank of lieutenant-colonel, as a supernumerary officer of this state in the continental service, he having resigned his commission in the continental service for the purpose of accepting the command of the said regiment, and being entitled in course to the rank of lieutenant-colonel."

MARYLAND ACTS—OCT., 1780.

"An ACT to procure recruits.

WHEREAS this general assembly are earnestly called upon by several requisitions from congress, and letters from general Washington, to recruit the quota of troops of this state :

Be it enacted, by the General Assembly of Maryland, That one thousand men be forthwith raised to serve in the regiments of this state in the continental service for three years, if not sooner discharged, by an equal assessment on all property within this state.

And be it enacted, That the lieutenant of each county shall, as soon as may be after notice of this act, divide and apportion all the property last assessed in his county, ... into classes of sixteen thousand pounds each, ... and each class shall, within twenty days after classing as aforesaid, find an able bodied recruit, between sixteen and

forty-five years old, to serve for three years, if not sooner discharged, and the same recruit deliver to the lieutenant of the county, to be by him passed.

And be it enacted, That any able bodied slave, between sixteen and forty years of age, who voluntarily enters into the service, and is passed by the lieutenant, in the presence and with the consent, and agreement of his master, may be accepted as a recruit.

And be it enacted, That the lieutenants aforesaid, and the field and commissioned officers of the militia in each county, shall, within five days after the expiration of the said twenty days, meet . . . . and shall proceed to examine whether each class hath found a proper effective recruit according to this act, and if any class hath not found such recruit, ... they shall cause lots to be cast . . . . and the person to whose lot it shall fall shall be from thenceforth, to every intent and purpose, considered as an enlisted soldier, to serve until the tenth day of December seventeen hundred and eighty-one, in the quota of this state of the continental troops, ... but if such person shall, within twenty days thereafter, provide a good and sufficient recruit, to serve until the said tenth day of December in his stead, he shall be discharged; or if he shall at any time afterwards find a good and sufficient recruit in his stead, to serve for three years unless sooner discharged, he shall be discharged.

And be it enacted, That all recruits raised in virtue of this act shall be carried before the lieutenant of the county in which the recruits are or shall be raised, to pass muster, ... but no imported convict who hath not served his full term of seven years, or British deserter, shall be passed as a recruit within this act.

And, for the discovery of deserters, and the punishment of those who entertain, harbour, or conceal them,

Be it enacted, That if, after the first day of March next, any free male person shall entertain, harbour, or conceal, any deserter, knowing him to be such, such person shall, upon such conviction, be considered as an enlisted regular soldier for the term of three years, and may be taken as such by any officer of the Maryland line; and if any free male person, convicted as aforesaid, shall be the father of such deserter, or of or above forty-five years of age, or unfit for the service, he shall furnish an able-bodied recruit for the war, and deliver him to the lieutenant of his county within ten days after conviction, and in case of neglect shall be liable to pay thirty-five pounds in specie, or the value thereof, to the lieutenant of his county, ... and if any female, the mistress of any

family, shall entertain, harbour, or conceal, any deserter, and shall be thereof convicted as aforesaid, she shall furnish and deliver an able bodied recruit as aforesaid, or be liable to the payment of the same penalty as aforesaid, ... and if any person, liable to such penalty for not procuring a recruit as aforesaid, shall be unable to pay the same, the lieutenant of the county may commit such person, for any time not exceeding six months, to the work-house or goal of his county, there to be kept to hard labour."

Agreeable to the assessment we made out thirty-nine Classes of sixteen Thousand pounds each & every Class, (except one), has furnished a recruit for three years according to the above list. The deficient Class was drafted on the fifth day of May & I hope that a recruit for three years will be produced for that Class. Alexander Boys passed by Class No. 35, we discovered was subject to fits; who we have since discharged, the Class agreeing to pay their proportion to the State. The said Boys having received but a small sum.

RESOLVES OF CONTINENTAL CONGRESS—31 MAY, 1781.

"Whereas the British king, regardless of the rights of mankind, and of the United States in particular, continues the ravages of war with relentless fury; . . . . and whereas the deficiency of the continental regular lines, makes it absolutely necessary to call forth a respectable body of militia, till those lines be completed; . . . . It is also earnestly recommended to the state of Maryland, immediately to raise, arm, equip and accoutre for the field, two battalions of infantry, consisting of nine companies of 64 rank and file each; and a corps of cavalry of 64 troopers; . . . . And it is further recommended . . . . to cause the said troops, as soon as raised, ... to be marched . . . . to such place or places as the commander-in-chief shall direct, to remain in the service for and during the space of three months, ... unless sooner discharged by Congress or the commander-in-chief, and to be subject to the orders of the commander-in-chief."

MARYLAND ACTS—MAY, 1781

"An ACT to raise two battalions of militia for reinforcing the continental army and to complete the number of select militia.

WHEREAS it hath been earnestly recommended by congress to call forth two battalions of militia in this state, for the purpose of aiding and assisting our friends, now actually invaded, in the southern states, and this present general assembly have thought it reasonable and necessary to comply with the said recommendation:

Be it therefore enacted, by the General Assembly of Maryland, That thirteen hundred and forty effective men, to compose the non-commissioned officers and privates of two battalions of militia, to be officered according to the resolutions of congress of the third and twenty-first days of October last, be immediately raised in this state, in manner hereafter directed, to act in conjunction with the continental army until the tenth day of December next.

And be it enacted, That the said two battalions be apportioned upon and raised in the several counties, according to the number of militia in each county.

And be it enacted, That proper persons shall be appointed in each county by the governor and council, to procure the said number of militia men on or before the 16th of July next, by voluntary enrollment, ... and where several persons are appointed to recruit in any county, he that shall procure the highest number of recruits exceeding twenty, shall be entitled to a commission as lieutenant . . . . and he

that shall procure the next highest number of recruits exceeding ten, shall be entitled to a commission of an ensign in one of the companies of said battalions.

And be it enacted, That the governor and council shall be and are hereby authorised and requested to appoint fit and proper officers out of the Maryland line, not engaged in actual service the present campaign, down to captains inclusive, to command the said battalions and companies, ... and if such officers cannot be had, then to appoint such officers as may be wanted out of those best qualified,

And, Whereas there are many idle and disorderly persons in the several counties in this state, who pursue no visible means to obtain an honest subsistence, but spend their time in such a manner as to render no service to the community by which they are protected :

Be it enacted, That every such free male idle person above sixteen years of age, and who is able bodied and effective, and hath no family, nor any visible method of getting an honest livelihood, and who may be adjudged by the lieutenant of the county to come under the above description of a vagrant, shall, from and after such adjudication, be considered as a soldier enlisted, and shall have it in his choice whether he will serve until the tenth of December, or enlist for three years or during the war ; . . . . provided that no person who hath served in the continental army as a regular soldier, and hath been discharged, shall be deemed a vagrant under this act.

And be it enacted, That in case the number of militia be not procured in the several counties by voluntary enrollment, or by enrolling vagrants in manner as above mentioned, on or before the sixteenth day of July next, it shall and may be lawful for the lieutenant of the county, ... to call together the field officers of each county respectively, and cause the militia in their respective counties . . . . to be distributed into as many classes as men may be wanted, and each class shall, within five days, find a recruit to serve until the tenth day of December next, or . . . . shall cause such class as doth not find a substitute . . . to be draughted, and two persons to be selected therefrom by lot, and such person of the two as the lieutenant . . . . shall direct and appoint, shall be deemed a militia man enrolled to serve until the tenth day of December next, and shall accordingly march, unless he find a substitute, to be approved by the lieutenant . . . . within five days after such appointment shall be notified unto him ; and any nonjuror who shall voluntarily enlist and serve, or if draughted or procured as a substitute shall serve during the time aforesaid, such nonjuror shall be restored to

all the rights and privileges of a free citizen of this state without exception.

And be it enacted, That the said recruits and militia men, draughted or otherwise procured to go in the above battalions, shall be subject to the continental articles of war; and all freemen, although blacks or mulattoes, who are not deemed vagrants or enlisted as such, shall be taken into the militia and be subject to a draught as above directed.

And be it enacted, That where any three persons, to be appointed by the governor and council as herein before directed, shall enlist the whole number of men wanted for that county before the sixteenth of July next, if the number be equal to that of a full company, to consist of seventy-four non-commissioned officers and privates, such persons shall be entitled to commissions as captain, lieutenant, and ensign."

Dear Col.

The enclosed are Exact Lists of the draughts and Substitutes draughted &c. for this County the present year. I Judge you Will be amazed to See Such a number Discharged, therefore have Noted against their Respective Names, the Causes that Rendered it Necessary. There are Also Several that are So debilitated by Sickness that they are Not able to March at present, and a few Sculkers that I have Not been able as yet to git hold off, tho have made use of the most probable means for that purpose, and hope in a few days to accomplish it. Please Lay the Lists Before the Honorable the Governor and Council and Oblige

Wm. Whiteley,
14th August, 1781.

Chester Town, Kent County, Aug. 23rd, 1781.

Sir:

I have lately received several Letters from you, two of which relate to the forwarding the recruits to Annapolis, those raised in consequence of the Law passed last October, have been long since at Annapolis, & that part of the Law empowering the Lieutenants to excuse any indigent person drafted, who has a wife & children, we have nothing to do with, having hired recruits for three years. Your appointment as

purchaser of cloathing I have received with an enclosed Law to seize all articles suitable for that purpose. The dificulty of purchasing without anything to purchase with, must be very apparent to your Excellency & to seize those articles from merchants, who have very few goods, and nothing else to depend on, will prove their ruin; yet I am fully convinced of the necessity of supplying the Soldiery with cloathing; & was it in my power to forward this business with any degree of propriety, I would undertake it, notwithstanding I am of opinion that Lieutenants of Counties are very improper persons to execute Laws of this Nature. Should you think it necessary to have seized, the few goods in our Town, you will please to appoint some other person for that purpose, as I am already fully employed. I have enclosed a list of the recruits obtained by virtue of the Law passed last Session, & have engaged Capt. Kemp to carry them to Annapolis in his Vessel from our Town, the drafted men are endeavouring to procure substitutes which I will send with all possible dispatch, those who do not get recruits may be very dificult to collect, a few of them are poor men with Families. The 27th battalion have furnished their proportion of select militia, the 13th battalion is Classed for the purpose of Drafting. Mr. George Hanson who was appointed collector of horses refused to Act, he being Lieut. in the troop of Light Horse, had not time to execute the Law. On his refusal, I appointed Capt. George Hartshorn who has been very unsuccessful, he has brought for examination about six horses, & tells me that the nonjurors have not horses fit for the purpose. I have done all in my power to spur him to execute the Law with dispatch & have requested him to call on the commissioners for their direction. I am apprehensive that I shall not be able to send all the recruits agreeable to my list, some of them being in the Country without permission.

I am Sir with respect yr.
hble. Servt.
W. Bordley.

MARYLAND ACTS—OCTOBER, 1780.

An ACT to settle and adjust the accounts of the troops of this state in the service of the United States, and for other purposes therein mentioned.

WHEREAS, from a variety of causes, the United States have not complied with their engagements heretofore made with their officers and soldiers (which has occasioned great and unavoidable difficulties and distresses in the service) to whose virtuous and disinterested exertions America is much indebted:

Be it therefore enacted, by the General Assembly of Maryland, That Zephaniah Turner be and is hereby appointed commissioner to settle and adjust the pay due to the officers and soldiers of the troops of this state, and the said commissioner is hereby empowered and directed to estimate, in specie, all sums of paper money received by the said officers and soldiers, on account of their pay or otherways, ... according to the value thereof at the time of the money received.

And be it enacted, That the said commissioner is hereby empowered and directed to give to the officers and soldiers aforesaid, to whom pay as aforesaid may be found due, ... one certificate or more, bearing interest from the date thereof, and specifying the sum due in specie.

And be it enacted, That the said commissioner shall in like manner settle and adjust the pay and accounts of all officers and soldiers who

have fallen or died in the service, and their widows and children shall be entitled to such certificates.

Be it enacted, That the lands commonly called Talbot's, or New Connought Manor, in Caecil county, My Lady's Manor in Baltimore or Baltimore and Harford counties, and Monococy Manor in Frederick county, being British property, and seized and confiscated as such, ... shall be and are hereby set apart and burthened and charged with the payment of the money and interest aforesaid due on the said certificates, and the same shall be raised out of the said lands, by sales thereof, in such manner as the general assembly shall hereafter direct.

ROLLS OF MARYLAND MEN IN VARIOUS OTHER CORPS NOT BELONGING TO MARYLAND.

RESOLVES OF CONTINENTAL CONGRESS 27 DECEMBER, 1776.

"*Resolved*, That general Washington shall be, and he is hereby, vested with full, ample, and complete powers to raise and collect together, in the most speedy and effectual manner, from any or all of these United States, 16 battalions of infantry, in addition to those already voted by Congress; to appoint officers for the said battalions of infantry; to raise, officer, and equip 3000 light horse; three regiments of artillery, and a corps of engineers, and to establish their pay; to apply to any of the states for such aid of the militia as he shall judge necessary; . . . to displace and appoint all officers under the rank of brigadier-general, and to fill up all vacancies in every other department in the American army."

HOUSE OF DELEGATES, ASSEMBLY OF MARYLAND, 7 JANUARY, 1782.

COMMITTEE REPORT.

"THE committee, appointed to enquire the number of recruits wanting to complete the quota of this state, &c. beg leave to report . . . . . that three companies of artillery (nearly full) belonging to this state, have been incorporated with colonel Harrison's regiment of Virginia artillery; and your committee are of opinion, that the said companies, in justice to this state, ought to have been attached to her line of infantry, and that the said regiment ought to be kept up by Virginia and this state, and that the promotion to vacancies ought to be extended in common to the officers so incorporated, agreeable to their rank and pretentions; but your committee are informed that although the said regiment now consists almost entirely of the men of the companies of this state, yet they are commanded by Virginia officers, and the former officers of the said companies belonging to this state are forced to retire from the service on half pay. Your committee are of opinion, that this matter ought to be represented to congress.

Your committee beg leave further to report as their opinion, that this state has been materially injured, by permitting corps of other lines, and of the additional sixteen regiments, to recruit within this state, as will appear by the following list of companies enlisted in this state, for

the following corps of artillery, cavalry, and infantry, to wit: Colonel Hazen's regiment, 2 companies; Hartley's, 3; Gist's, 2; Grayson's, 2 or 3; Rifle, 4; officers discharged by colonel Brodhead at Fort Pit, and the men incorporated with Brodhead's regiment of Pennsylvania troops, but some of them have since deserted and joined the Maryland line; German, 4, now attached to the Maryland line about one company, desertion and term of service expiring must account for the remainder; Foreman's, 2 or 3, attached to the Jersey troops; Patten's, 2, attached to the Pennsylvania line; artillery, 3, incorporated with Harrison's Virginia regiment; Moylan's horse, 3; Baylor's horse, 1; Pulaski's, 1 or 2; Lee's, 1 or 2. In all 30 or 34 companies.

Your committee are informed, that many of the men in the said companies were enlisted for the war, and now remain in such of the above corps as have been continued on the establishment, and others of the reduced corps are now attached to the line of the state in which they have respectively served; and your committee are of opinion, that congress should be requested to order, that all the men, now in service, raised in this state for any of the above companies, be returned and annexed to the line of this state."

8TH PENNSYLVANIA

RESOLVES OF CONTINENTAL CONGRESS—15 JULY, 1776.

"*Resolved*, That the battalion for the defense of the western frontiers, be raised in the counties of Westmoreland and Bedford, in the following proportions, to wit: seven companies in Westmoreland, and one company in Bedford."

COL. DANIEL BRODHEAD, COMMISSIONED 29 SEPTEMBER, 1776.

This Regiment was raised for the defence of the frontier. Capt. Moorhead's Independent Company was attached to this Regiment.

Some Maryland troops were sent to Fort Pitt and Col. Brodhead tried to increase his Regiment, at Maryland expense, by discharging Maryland officers and enrolling the men in his own Regiment. Many of these men deserted him and returned to the Maryland Line.

WASHINGTON'S GUARDS

Circular Letter sent to Col. Alexander Spottswood and three other Colonels by General Washington.*

Morristown, 30 April, 1777.

Sir,

I want to form a company for my guard. In doing this I wish to be extremely cautious, because it is more than probable, that, in the

* Sparks' Writings of George Washington, Vol. IV, pg. 407.

course of the campaign, my baggage, papers, and other matters of great public import, may be committed to the sole care of these men. This being premised, in order to impress you with proper attention in the choice, I have to request, that you will immediately furnish me with four men of your regiment; and, as it is my farther wish, that this company should look well and be nearly of a size, I desire that none of the men may exceed in stature five feet ten inches, nor fall short of five feet nine inches, sober, young, active, and well made. When I recommend care in your choice, I would be understood to mean men of good character in the regiment, that possess the pride of appearing clean and soldier like. I am satisfied there can be no absolute security for the fidelity of this class of people, but yet I think it most likely to be found in those who have family connexions in the country. You will therefore send me none but natives, and men of some property, if you have them. I must insist, that, in making this choice, you give no intimation of my preference of natives, as I do not want to create any invidious distinction between them and the foreigners. I am, yours &c.

CALEB GIBBS, COMMISSIONED CAPTAIN AND COMMANDER OF WASHINGTON'S GUARDS 12 MARCH, 1777, COMMISSIONED MAJOR 29 JULY, 1778.

I hereby Certify that the after mentioned men joined the Commander in Chief's Guard at the different periods rit against their Names & that they have not drawn any pay in said Corps since their joining.

Gentlemen

As you have suspended me from officiating the duty of Lt. on board the Barge Fearnought, I think It a hard case that I have not had a hearing in my own defence, as there is so many false reports propogated to my prejudice, in respect of my Conduct on that day in the action with the British Barges, Sincerely was this. I was Stationed at the bow Gun a 6lber. when we came into Action the first fire bursted, as much as Two feet of the uper part of the Muzzle blew of. I immediatly acquainted the Capt. of the Misfortune his answer was try her again my Answer was here is at It then and accordingly fired two rounds Shot & Two rounds Grape before the Comodore's Barge had blew up & It's

said that I Contradicted his Orders when he gave Orders to board the British Barge then Nearly Along side the Comodore's Barge. I affirm on the word of a man that I did not hear the Orders given being at too great a distance & the men in Confusion but Expected as the men had their Oars out that we was to try to board the British Barge & try to save some of the Comodore's men if possible that was blown Overboard. I saw our men Confused in rowing some giving way a Head & Others backing water I called to them & told them to give way all together & not to be so Confused and as for leaving my Station I never left It till we where Oblidged to make our retreat & all Sails Set. Then I went Aft & told the boy at the Helmn to let me have the Helmn as I thought I could Steer better myself. & If Capt. Speddin wanted me forward I would gone at the first word.

I am, Gentlemen

Yr. Hble. Servt. tho' in Disgrace.

RESOLVES OF CONTINENTAL CONGRESS 20 JUNE, 1777.

"*Resolved*, That a corps of invalids be formed, consisting of eight companies, each company to have one captain, two lieutenants, two ensigns, five serjeants, six corporals, two drummers, two fifers, and one hundred men. This corps to be employed in garrison, and for guards in cities and other places, where magazines or arsenals, or hospitals are placed; as also to serve as a military school for young gentlemen, previous to their being appointed to marching regiments; for which purpose, all the subaltern officers, when off duty, shall be obliged to attend a mathematical school, appointed for the purpose, to learn geometry, arithmetic, vulgar and decimal fractions, and the extraction of roots; and that the officers of this corps shall be obliged to contribute one day's pay in every month, and stoppages shall be made of it accordingly, for the purpose of purchasing a regimental library of the most approved authors on tactics and the petite guerre: That some officers from this corps be constantly employed in the recruiting service in the neighborhood of the places they shall be stationed in; that all recruits so raised shall be brought into the corps and drilled, and afterwards draughted into other regiments as occasion shall require.

Congress proceeded to the election of a colonel of the said corps of invalids; and, the ballots being taken,

Lewis Nicola, esq. was elected."

An ACT for the relief of disabled and maimed officers, soldiers, marines, and seamen.

"*Be it enacted, by the General Assembly of Maryland*, That every commissioned officer, non-commissioned officer, and private soldier, who have or shall lose a limb, or have been or shall be so disabled in the service of the United States of America, as to render him incapable of getting a livelihood, and who, at the time of entering into the service of the said United States, was or shall be enlisted or recruited by this state, shall receive during his life, or the continuance of such disability, the one half of his monthly pay, from and after the time that his pay as an officer or soldier ceases. And that every commander of any ship of

[From the Gist Papers.]

The following wounded soldiers each received the sum of 5 pounds from Robert Denny, 1782.

Mch 5 Nelce Jones, a wounded soldier of the 2nd Md. Regt.
Mch 23 Robert Taylor, a wounded soldier in distress from the Southward.

Annapolis, June 25th, 1790.

Sir

I enclose returns of the invalid pensioners paid by this State, and I regret that they have been so long delayed which was owing to many of the returns being imperfect; indeed, although we have sent to many of the Counties to get the returns more perfect, they are not so complete as I would wish.

I think proper to make some remarks on the return of officers, and request that you will inform me which of them, (if any) are excluded from the half pay of the United States by the Acts of the late or present Congress, that I may communicate it to the legislature of this State, for them to determine whether they will continue the pensions to those who are rejected by the United States.

Perry Benson, James Bruff, Richard Anderson, John Trueman, John Lynn, James Ewing and James Somervill, have received their 5 years commutation from the United States, and under a particular law of this State made expressly for their relief have received half pay.

Jehu Bowen was wounded at German Town and afterwards resigned, but as the disability occasioned by his wounds still continued,

the Legislature upon application passed a law putting him on a footing, as to his half pay, with other officers. He has not received commutation.

Rignal Hillary and John Levasche died in the service, their widows have received pensions equal to the half pay of their husbands, under the laws of this State which I believe is provided for by Acts of the late Congress.

John Hoskin Stone was wounded and resigned, but was afterwards put on the half pay establishment by a law of this State.

Uriah Forrest lost his leg in the action of German Town and resigned the 23rd of Feb., 1781, as will appear by the votes and proceedings of Congress. The State of Maryland advanced him a sum of money equal to seven years half pay of a Lt. . . . . .

APPENDIX

APPENDIX.

After the most of the volume was in type, certain muster rolls were secured by the Maryland Historical Society at an auction sale of manuscripts in New York City. These are printed in an appendix, as they were procured too late to be inserted in their proper chronological order. In addition to these, the appendix contains a list of militia who served in 1777, which was found among the papers deposited by the Johns Hopkins University, a list of the Select Militia of 1781, enlisted from Frederick County, and a roll of the crew of the Ship Defence, compiled by Mr. Philip D. Laird, from papers in the Land Office. It has seemed best to include all available rolls in this volume, so the muster rolls of the Flying Camp Companies, and the Eastern Shore Militia Companies ordered to Virginia, first printed in Volume XII of the Archives of Maryland, are reprinted in this appendix.

MARYLAND MILITIA IN CONTINENTAL SERVICE IN 1777.

RESOLVES OF CONTINENTAL CONGRESS 9 DECEMBER, 1776.

"*Resolved*, That expresses be immediately sent to the committees of the counties of Cœcil, Baltimore, Hartford, and Frederick, in Maryland, requesting that they apply, without delay, to the militia of their respective counties, and send forward, immediately, for the defence of the city of Philadelphia, and the reinforcement of general Washington's army, as many troops as possible, informing the said committees that some assistance, in the way of arms, may be furnished here, to such as have no arms to bring with them."

RESOLVES OF CONTINENTAL CONGRESS 21 JANUARY, 1777.

"*Resolved*, That it be recommended to the council of safety of Maryland, to request the militia of Hartford, Baltimore, Cœcil, and such other counties of their state as they shall think proper, to march, as soon as possible, to reinforce general Washington, giving directions that each company consist of not less than 36 privates, under the command of two commissioned officers, and that a field-officer take the command of every four companies."

A large number of men marched under the Resolves of Dec. 9th, 1776, especially from Frederick, Baltimore and Harford Counties, but no rolls of these companies, giving date of service, can be found. Johnson's and Buchanan's entire divisions were ordered out.

RESOLVES OF CONTINENTAL CONGRESS 19 APRIL, 1777.

"*Resolved*, That the gov. of the state of Maryland be authorized to detain the weakest continental battalion raised in the state of Maryland, till a further order of Congress; and that it be recommended to the executive authority of the state of Maryland, forthwith, to embody 300 of the militia of the said state, and to the executive authority of the state of Delaware, 100 of their militia, the said militia to co-operte with the battalion of continental troops, to obey the officer commanding the same, and to continue in service so long as the joint executive authorities of the states of Delaware and Maryland shall think necessary."

RESOLVES OF CONTINENTAL CONGRESS 1 MAY, 1777.

"Congress being informed, that governor Johnson has, in pursuance of the resolution of Congress, of April 19th, for the purposes therein expressed, detained colonel Richardson's battalion, two companies of which are now in Philadelphia on their way to general Washington:

Resolved, That the said companies proceed to the army, and that governor Johnson be empowered to replace them, by detaining two companies of the weakest Maryland battalion remaining in that state."

RESOLVES OF CONTINENTAL CONGRESS 22 AUGUST, 1777.

"*Resolved*, That it be earnestly recommended to the state of Maryland, immediately to call out not less than 2000 select militia, to repel the expected invasion of the states of Pennsylvania, Delaware and Maryland; and that 1250 of the militia on the Western-shore of Maryland, repair, as soon as possible, to Baltimore and Hartford towns; that 750 of the militia on the Eastern-shore, repair as soon as possible, to Georgetown, on Sassafras, there to await the directions of general Washington:

That the militia requested from the states aforesaid, be in the pay of the continent to the 30th November next, unless sooner discharged by Congress, or the commander in chief:

That general Washington be directed to order brigadier-general Smallwood and colonel Gist, to repair immediately to the state of Maryland, to arrange, march and command the militia required of that state."

A large number of men marched under these Resolves, especially from Baltimore County, but no rolls can be obtained showing date of service. These troops were present at Paoli and Germantown. Capt. Cox, captain of a Baltimore militia company, was killed at Germantown. Maryland furnished more than 4000 militia during the years 1776 and 1777. They numbered about 1900 at Paoli and more than 1000 at Germantown.

It is, perhaps, not saying too much to state that almost the entire militia of Frederick and Baltimore Counties were in service at sometime during this year. The loss of these rolls causes the most serious gap in the Maryland records.

Yates, Vachel, Sergeant of Marines, ———; Lieut. of Marines, Feb 15 to Oct 15, 1777; Capt. of Marines, Oct 15 to Dec 15, 1777.

Compiled from Papers in the Land Office of Maryland by Philip D. Laird, 1896, and presented by him to the Maryland Historical Society.

It is compiled alphabetically from four Accounts of Seamen's Wages,—one from September 12, 1776, to August 15, 1777; one from August 15 to October 15, 1777; one from October 15 to November 15, 1777; one from November 15 to December 31, 1777—and from a List of Officers and Men, without date, which is manifestly prior to the dates of the pay accounts. The names in the list, where they are in addition to those in the pay accounts, are indicated by the mark +. The letter B., in the margin, indicates those who received bounty, the information being derived from two accounts of "Bounties paid by the Ship Defence," amounting, in the aggregate, to £630. The time of service is not given in all cases, in the pay accounts, and in a number of instances the rank is omitted. As far as possible dates of promotion are given.
